## Description

The Alanda coffee table, an iconic piece that ushered in the 1980s, is now revisited in homage to Paolo Piva, the great architect and designer. A highly successful classic and sought-after vintage furnishing complements, Alanda is one of the most typical design objects of a period with a wealth of strong, daring stylistic signs, often in a dialogue with architecture, reproducing its most attractive, characteristic elements in miniature. The Alanda's structure, serving as both pedestal and support, recalls a group of upturned pyramids, a geodetic frame that has always characterized it as if it was a magical object, entrapping and amplifying cosmic energy. Alanda '18 is offered in two sizes with structure in painted steel rod and glass top.
