## Description

Formal rigour, calibrated proportions and soft geometry characterize Andy '13, a sofa equipped with a mechanism that allows the backrest to change its inclination from a horizontal position, more decorative and with a contemporary sign, to a vertical one for more comfortable sitting. It is available in linear and corner versions with chaise longue, with fabric or leather upholstery.

## Technical information

**Internal frame**

tubular steel and steel profiles

**Internal frame upholstery**

Bayfit® flexible cold shaped polyurethane foam, polyester fibre cover
