

Husk Chair

DESIGNED BY PATRICIA URQUIOLA

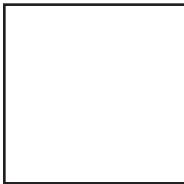

Comfortable, with a modern combination of base and seat, it picks up the profile of the namesake arm-chair. The body, which is shaped with a design that cites the capitonné style, conveys a feeling of softness; the cushions, in fabric or leather, fixed with press studs, are distinguished by the quilting. Many colour variants and combinations.

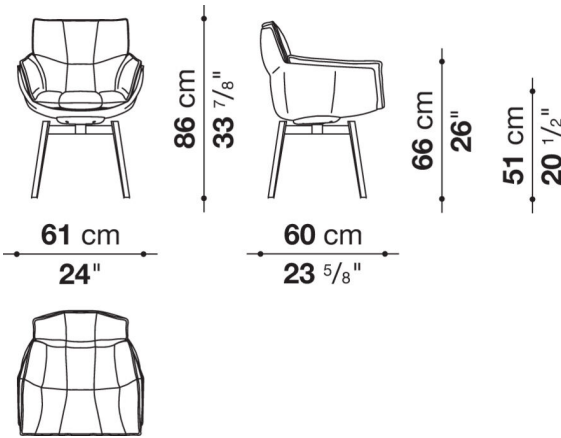

Edit 251

Frame: Black painted

Back: White Shell
