Description

Bend-Sofa is a modular sofa with a great personality. It seems to have been moulded by an artist's hand, but actually originates from the study of 3D models and digital research. Its irregular shape enhances comfort. The very name Bend-Sofa effectively expresses the idea of movement obtained by the alternation of solids and voids, underlined by the contrasting stitching that gives rise to a further design on its irregular and sinuous surface. The corrugated modules, assembled starting from seat, ottoman and corner elements, develop a large number of configurations, from linear versions in compact dimensions to large compositions, as well as original and alternative solutions that stand outside traditional canons.

Technical information

Internal frame

tubular steel and steel profiles

Internal frame upholstery

Bayfit® flexible cold shaped polyurethane foam, polyester fibre cover

Back cushion (B40C-B55C)

down feather and polyurethane insert, box style typology, zig zag stitching

Support (BS-BSB)

visco-elastic polyurethane, polyester and cotton fibre cover

Feet

thermoplastic material

Cover

fabric or leather (zig zag stitching)
