

BK12 | Lounge Sofa

BODIL KJÆR

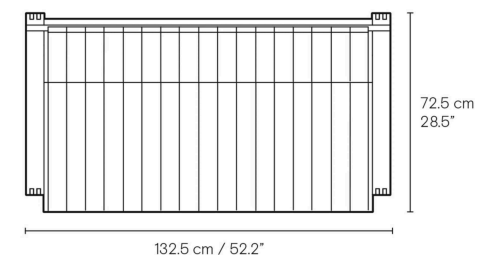

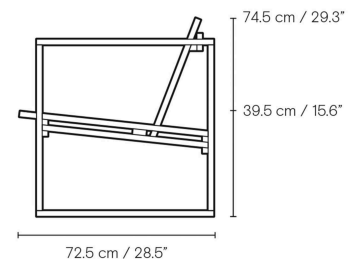

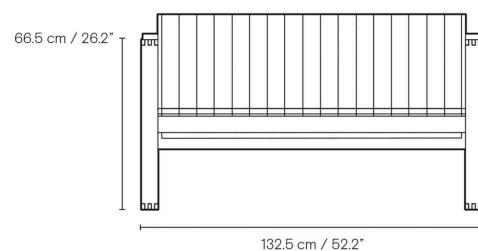

CARL HANSEN & SØN

DESCRIPTION

The BK12 lounge sofa is crafted from solid teak, features a slatted seat and back, and is suit-able for indoor and outdoor use. Its design is further enhanced by the armrests, legs, and runners, which are all morticed together to form sleek squares. The sofa displays the same geomet-ric sensi-bil-ity that under-pins Danish designer Bodil Kjær's entire Indoor-Outdoor series, which includes the BK13 swing sofa and BK14 sunbed.
