

# BM1771 Dining Table

## BORGE MOGENSEN

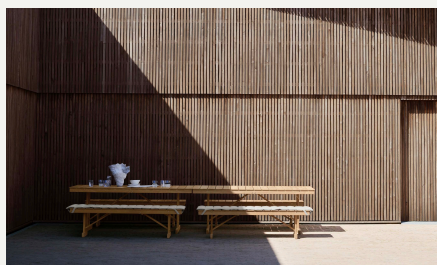

CARL HANSEN & SØN

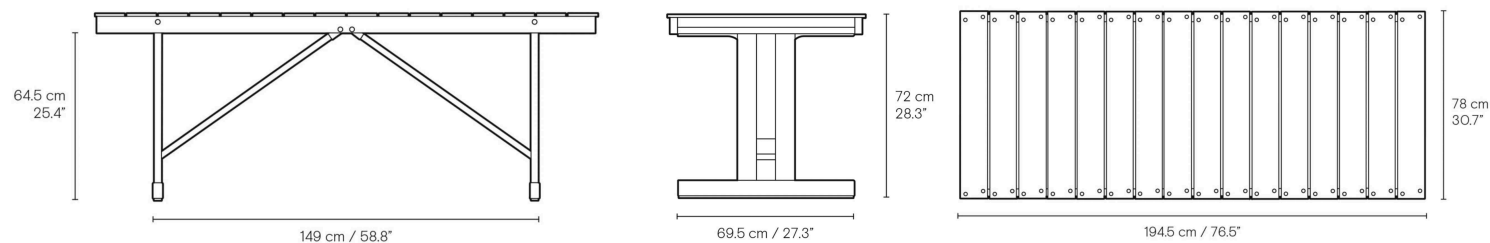

### DESCRIPTION

Børge Mogensen's fold-able Outdoor Table was designed back in 1971. Rediscovered by Carl Hansen & Søn, the iconic designer's outdoor table and bench set are reworked to modern sensibilities, yet remain true to the spirit of its original design. Characterized by simple, clean lines, his minimalist design emphasizes craftsmanship and material. Crafted in untreated FSC™-certified teak, the durable design withstands wear and weather conditions to age gracefully over time, acquiring an elegant silver-grey hue. When not in use, the table easily folds up and can be stored away, typical of Mogensen's functionalist approach.

BM1771 Table comes in untreated teak. Pair with BM1871 bench or BM4570 fold-able dining chairs to complete the set.
