

# Camaleonda

DESIGNED BY MARIO BELLINI

Camaleonda is a dynamic, alive and sincere object, not at all enigmatic, that allows for an infinite number of configurations while still maintaining its peculiar and unique identity. The padding has been thoroughly updated by the B&B Italia's Research & Development Centre, making it even more comfortable than the original version. Thus the magical balance between the rigorous geometry of the square and the welcoming roundness of the padding is confirmed, further underlining the elasticity and tactile ergonomics that characterize many of Mario Bellini's design projects.
