

CATCH CHAIR JH15

BY JAIME HAYON
2017

Catch, Jaime Hayon's first contribution to &tradition's collection, is a chair that welcomes you with open arms. Its armrests extend from the shell like literal limbs, ready to embrace you as you sit down. In addition to being a witty personification, it is also an eye-catching piece of design. Serpentine lines give it a playful lightness that is counterbalanced by a sturdy, well-balanced base and legs that ensure maximum comfort. The shell offers comfort alongside great variability. With multiple textile and leather upholstery options available from Kvadrat and CA-MO and a matt black frame, Catch can be adapted to almost any colour scheme. In the 1980s, Hayon was interested in skating and graffiti culture, which had an impact on the playful, detailed, colourful and humouristic elements in his design style.

58cm / 22.8in

Product category	Chair with armrest
Production Process	The Catch chair is made from molded PU foam with CMHR foam on the front for superior comfort. The metal base is made from Ø16mm steel tubes.
Environment	Indoor
