

CH24 | WISHBONE CHAIR - CLASSICS

HANS J. WEGNER | 1950

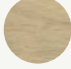

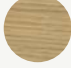

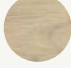

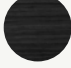

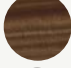

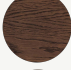

The very first model Hans J. Wegner designed exclusively for Carl Hansen & Søn in 1949, the iconic CH24 Wishbone Chair has been in continuous production since 1950. More than 100 steps are required to manufacture each chair, most of which are carried out by hand. The hand-woven seat alone takes a skilled craftsman over one hour and 120 meters of paper cord to weave.
