

# CH24 Wishbone Chair

## HANS J. WEGNER

CARL HANSEN & SØN

### DESCRIPTION

With a form that is uniquely its own, the iconic CH24 Wishbone Chair by Hans J. Wegner holds a special place in the world of modern design. Designed in 1949, Wegner chose to combine the back- and armrest into a single piece, eliminating nonessential materials. For stability, Wegner developed the steam-bent top and characteristic Y-shaped back that the Wishbone Chair is named after. The Wishbone Chair satisfies the aesthetic desire for distinctive and elegant form while offering comfort and stability. Over time, the Wishbone Chair has gained recognition as the ideal chair, capturing the essence of modern Danish design.
