# COPENHAGEN PENDANT SC7

BY SPACE COPENHAGEN  
2014

“Our ambition was to design a pendant with a simple industrial feel, but which was still elegant and poetic.”

The Copenhagen Pendant is an exercise in contrasts. Combining the classic and the modern, the maritime and the industrial, it is a new pendant developed by Space Copenhagen for &tradition. Following the success of their first collaboration, the Fly Lounge Series, &tradition have worked with Space Copenhagen again to produce a pendant range in matt lacquered metal, one of Space Copenhagen's first lights to enter production.

Photometric data file (LDT or IES) available upon request.
