

Cassina

515 PLANA

Family **PERRIAND**

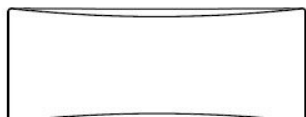

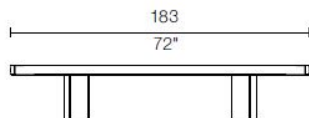

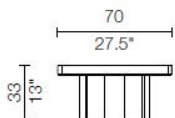

Catalogue I **Maestri**

Year of design **1969**

Year of production **2004**

Low table in matte black painted wood or in solid wood oak stained black or American walnut. The thickness of the top and its concave edge strongly characterize the model in formal terms and create a surprising sensation of lightness.

Designed for the Paris Japanese Embassy in 1969 this coffee table is a triumph of technological and formal synthesis.
