

The Enoki table from e15 features a simple yet precisely balanced combination of a cylindrical base with 1.2" thick marble or wood top. Available in four sizes, the Enoki table is ideal as a side or occasional table; the larger diameter versions are perfect as coffee tables. The powder-coated steel base of each version is available in a choice of eleven color finishes and combined with a selection of woods or, five exquisitely grained marble tops – Bianca Carrara, Nero Marquina, Dark Emperor, Grey Bardiglio or Verde Vaneeka.
