

FK12 FORTYFORTY
SIDE TABLE
DESIGN: FERDINAND KRAMER, 1945

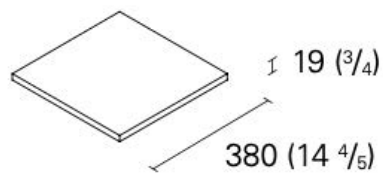

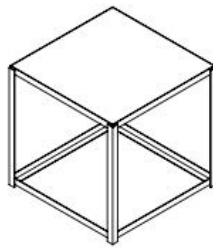

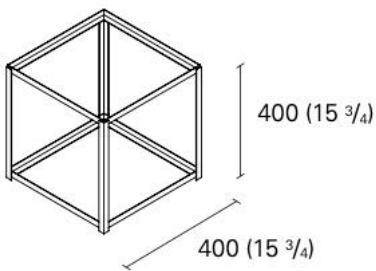

The Forty Forty table gets its moniker from its cubed 40 cm dimension in all directions. It's not only the perfect size to use independently as an occasional table, but the Forty Forty table was designed specifically so that it could also be stacked to create modular storage/shelving.

DIMENSIONS

l x w/d x h

15 3/4" x 15 3/4" x 15 3/4"
