PRODUCT SPECIFICATIONS FOR FOGG

An elegant long pile rug that shimmers in a variety of shades. The character of the linen yarn and the many shades of colour gives it a beautifully mottled appearance and attractive sheen. When the mist clear away. The mists of the long night evaporate slowly in the morning sun, and in the sifting light we can descry the contours of the world. Kasthalls' elegant classic, Fogg, touches both body and soul with its natural and shimmering luster. We now present Fogg in seven new beautiful colors. To experience Fogg is to experience a sense and appeal. A shimmering long fringe classic that captures the interaction between light and dark hues. The original colour notes of suede and leather are inspired by afghan fur coats and leather patchworks. The new collection is characterized by a refreshing playfulness with unconventional colour combination, inspired by confetti, with roots in the present and the future. Typical of its time and timeless at the same time. Fogg seems to be moving, like windswept plains. The mottled structure and the shine of the linen creates tinges and lively character with a spontaneous multi-faceted expression.

CARE ADVICE HAND TUFTED RUGS

To further extend the lifetime of your rug, Kasthall recommends a regular maintenance so that the rug may retain its shape and appearance. If you have a light, single-colour rug you will need to care for it more often than a darker, patterned rug. Thorough vacuum cleaning is the best, most economical and environmentally friendly cleaning method. Beating or shaking a rug may damage the fibers. Note that it is quite normal for the rug to lose individual fibers when used, these are excess fibres and it does not affect the general quality of the rug. If you want to get rid of excess fibres faster, you can vacuum the rug daily for an initial period. It is most efficient to vacuum the rug one direction at a time. Remember that hand tufted rugs in linen are sensitive to water, so take particular care with the amount of water you use when removing stains.

CLEANING ADVICE

We do recommend partially cleaning of stains and do not recommend cleaning the entire rug with water or dry cleaning. Over time and with use, the tips of the tufts in cut-pile rugs and carpets will loose some twist, causing the rug to bloom. This is a normal characteristic of a linen rug and is not considered a manufacturing defect. All carpets will change in appearance over time, primarily due to foot traffic, such conditions constitute normal wear and tear. At www.kasthall.com you can read more about our materials, how to look after your rug and our stain guide.

CHOOSING A RUG

Choose the characteristics of the rug, its colour and design to suit the space in which it will be laid. If it is to be laid in a hall, for example, you may choose a type of rug that is more resistant to wear, and a colour that is a little darker and dirt-tolerant. Use a rug as a means of bringing together the rest of the interior. Decide whether you want to place a sofa on the rug or at its edge. If a rug is to be placed underneath a dining table, add at least 60 cm all round the table to allow space for pulling out the chairs. Hand tufted rugs are suitable for creating cosy environments with warm acoustics. Depending on the quality, hand tufted rugs can work equally well in domestic settings and public spaces. Ideal for use in living rooms, bedrooms and in lounge environments and hotel rooms.
