

The Hiroki Dining table will easily accommodate seating for six and its relatively small base diameter footprint also affords ample legroom for users. The marble top features a matte oiled finish that protects the surface without the addition of a permanent lacquer this luxe treatment of the surface does require some minimal maintenance. The underside base features a felt ring to protect the floor. Hiroki Dining Table's steel base is available in eleven lacquer colors including signal white, jet black, traffic gray, light blue, green brown, honey yellow, umbra gray, mint green, navy blue, beige red, and flame red.
