

MG501 Cuba Chair

MORTON GOTTLER

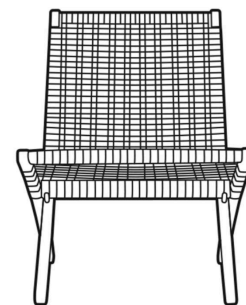

CARL HANSEN & SØN

DESCRIPTION

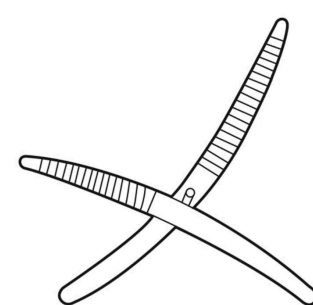

Designed in 1997 for Carl Hansen and Son, the MG501 Cuba Chair by Morten Gøttler takes extra seating to a new level. It features a solid oak with a variety of finishes and securely webbed cotton or paper cord. Forming a comfortable seat and back the Cuba chair provides excellent support as the design gently follows the body's contours. This folding lounge chair is ideal as an extra or permanent fixture. Its light and fold-able frame can easily be hung on a wall or placed on a floor stand for convenient storage. With its ideal balance of form and function the Cuba chair thus captures all Gøttler is known for – his clean, easy aesthetic and well-thought-out form, as well as offering exquisite comfort, and close attention to detail – all created using high-quality materials.
