

PANDA SOFA

DESIGNER
Paola Navone

YEAR
2015

CATEGORY
Sofa

ENVIROMENT
Indoor

COUNTRY OF ORIGIN
Made in Italy

DESCRIPTION

With the Panda Sofa, designer Paola Navone has perfected a solution that allows for the creation of large seating compositions. In fact, this system of elements padded in multi-density polyurethane foam includes centre units, corner and end units, and poufs; available in various sizes and two widths (cm 95 o cm 125). For a captivating and contemporary look, it is possible to pair loose cushions. The upholstery of the Panda Sofas fosters individual creativity, thanks to the contrast trim that allows one to play with chromatic pairings: for fabric covers, the edge band is available in six different colors; leather versions are trimmed with leather, the colors can be paired freely.

MATERIALS

STRUCTURE

medium-density fibre conglomerate panels, fir solid wood, poplar plywood

PADDING

multi-density polyurethane foam

FEET

black plastic

FREESTANDING CUSHIONS

suggested as a completion, made of fibre in the fabrics and leathers of the collection

FINISHES

UPHOLSTERY

removable in fabric and leather
