pp58/3 is a perfect everyday chair and it's ability to stack makes it even more usable for perhaps an office space or lunchroom.

pp58/3 comes with either a veneered or an upholstered seat. The veneered wooden seat can be made to match or in a wood or finish to contrast with the frame.

pp58/3 comes in oak, ash, beech, black or Wegner colours (see www.pp.dk). Soap treatment, oil or lacquer is available for all woods.

The three-legged version of **pp58** is named **pp58/3**. A more simple shape and stackable, yet with the same basic characteristics as its predecessor: Excellent comfort, practical and with a strength and durability to outlast daily use for generations.

Though the chair only has three legs it is remarkably stable and the triangular rail structure under the seat allows for the simplest possible construction. This makes **pp58/3** a beautiful and elegant chair for the dining table and like **pp58** it is the result of Wegner's experience from a long life as one of the world's greatest furniture designers.
