

Kelly L

Designer: Claesson Koivisto Rune
Year: 2013

Kelly is a collection of chairs characterized by a friendly and jovial spirit which is expressed with organic shapes, pure and shiny colours and positive feelings. The personality of every model is distinguished by various shapes and sizes of seat and backrest, always suspended on thin metallic structures which remind vintage furniture and modern art's works. Kelly chairs can stay independent or create different combinations and compositions, both in domestic and public environments. Kelly lounge armchair can be also combined with a coordinated footrest.
