

PIETBOON

TIMME DINING SERIES

DESCRIPTION

The TIMME makes a straight forward addition to the Piet Boon outdoor collection. Inspired by elegant simplicity, the studio deliberately chose to expose all elements and refined joints. This series uses a less bulky design for greater convenience and flexibility, and consists of a teak dining table in various sizes, a dining chair and a dining bench for a more playful dining setting. Due to its light and refined appearance, the collection fits well in smaller outdoor spaces like terraces and patios.

TIMME
Outdoor Bench
